

NCHNA Pushes To Protect Historic Properties (March 2011)

NCHNA work continues on behalf of the eight North Capitol Hill properties eligible for 520 mitigation under Section 106 of the National Historic Preservation Act.

All eight are within the area of potentially adverse 520 effects defined by WSDOT. Mitigations we win for these properties, however, can benefit the neighborhood as a whole.

For a summary of the state's overall 520 plan, NCHNA's concerns about that plan and the mitigations we have requested, see our [October 2010 SR 520 Updates](#). A revised draft of the mitigations the state has so far agreed to is due out in the next month.
